January 7, 2010

Dear Friends:

I would like to extend a warm welcome to those attending the *For the Love of Hollywood* gala hosted by Friends of the Hollywood Central Park.

I strongly support creating the Hollywood Central Park, and especially appreciate the leadership of Friends of the Hollywood Central Park. Since its inception in 2008, Friends of the Hollywood Central Park has been steadfastly devoted to establishing what would be a new landmark in our city. The Friends' efforts, focused on improving the quality of life in our community by producing local jobs, improving air quality, reuniting communities separated by the Hollywood Freeway, and working to increase green space in a park-poor densely populated urban area in the City of Los Angeles, deserve special praise.

I offer my deepest gratitude to the 26-member Board of Directors that is affiliated with the Hollywood Chamber of Commerce, the Hollywood Entertainment District BID, 5 Hollywood Neighborhood Councils, the Los Angeles Area Chamber of Commerce, and ULI/Los Angeles.

Thank you for your tireless efforts.

I wish you a successful event and an enjoyable evening.

Sincerely,

A handwritten signature in cursive script that reads "Mike Feuer".

Mike Feuer
Assemblymember, 42nd District
