

TOM LaBONGE
Councilmember
Fourth District

January 6, 2011

Greetings!

The City of Los Angeles would like to salute the Friends of the Hollywood Freeway Central Park, and all those who have the vision to transform and beautify the Hollywood area with the creation a ribbon of green park space through the heart of Hollywood.

The Park will produce more than 45,000 jobs, improve air quality, and promote tourism. Most important, it will provide a spot for healthy recreation for more than 40,000 Los Angeles children. It's good for the people, good for the City and good for our future.

Thank you for your dedication and determination in bringing this wonderful addition to our City.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Labonge", is written over a faint, larger version of the signature.
